

I LOVE PAUL MARTIN'S!

in Restaurant Reviews

I love everything about it.....The superb quality of the food, the well-trained staff, the signature cocktails, the impressive wine list. All aspects of the new restaurant concept from Paul Fleming, famed Restaurateur and his partner Brian Bennett wowed me.

Perfect for a business lunch, dinner with friends or an evening with that special someone, PAUL MARTIN'S AMERICAN BISTRO aims to please diners using a thoughtful approach to using natural, local and sustainable produce and ingredients. Paul Martin's mantra is "Eat organic. Believe in sustainable. Buy local. Love fresh" and they are truly committed to providing the best local, organic and all-natural foods in a back-to-the-farm style American Bistro.

I truly appreciate the fact that Paul and Brian and Chef Paul Muller's dedication to using meat raised in a humane and wholesome way, locally sourced organic produce and the best of both wild and farmed fish. Their progressive and forward-thinking approach to building strong partnerships with food producers better all of our lives, our health and our dining experience.

You must try the Spinach Dip.....decadent and rich, warm, yummy and just hit the spot. The Brick Chicken with mashed potatoes and fresh herb jus was so moist, with crispy skin, juicy meat and flavorful, creamy mashed potatoes. It was the perfect comfort food and could easily be my "every Sunday night dinner!". The mesquite grilled artichoke was smoky and delicious, the Bistro Burger with peppery mayo was scrumptious and the crusty, cheesy Mac & Cheese should not be missed.

Their Wine List, consists of many Organic and eco-friendly wines and features Kelly Fleming's wines from the Napa Valley...always winning picks! The Red Pear Martini made with house infused red pear vodka, fresh lemon and rosemary topped my list for "favorite signature cocktail" and Lana loved the Meyer Lemon Drop, shaken, with house infused Meyer lemon vodka, Cointreau and a sugared rim.

The atmosphere invites you to linger...It's comfortable and sophisticated with an elegant rusticity. And you will LOVE the food. You just have to try it. You'll be hooked, just like me!
